He leaned in and I thought he was going to kiss me, but instead he slid his face past mine and kissed my neck. I sighed. He continued whispering into my ear. You dont like the pain. You want to be taken. You dont want to serve or be hurt. You want to be owned, possessed. And then you want to be fucked. Am I wrong? The Lesson: I reached behind me and pulled up the back of my skirt and turned around. The g-string had strings that curved over the top of each cheek, creating a great frame, instead of straight lines. I couldnt help myself, I leaned forward from the waist just a bit to improve his view. That was enough for him. I could hear him as he moved away from the desk and came up behind me. One hand clapped itself over my throat, and the other encircled my waist and pulled me rigidly to him. I could feel his body humming with tension. This is what you wear? This is the way you present yourself? Youre lucky you havent been violated yet with the way you slut around this school. Is that what you want? The New Girl: I pulled the cheeks apart, savoring the view of her completely hairless nethers. I exhaled gently on her, causing her to shiver. I worked up a glob of saliva on the tip of my tongue and deposited it on her asshole. I couldnt help myself. Perhaps a good dom would be

more of a tease, but I'd been teasing myself as well. I thrust my tongue into her, holding tightly onto her ass with both hands, pulling her apart and pushing myself in. She moaned and I moaned in return, seeking, flicking with my tongue as she ground into me. The Reversal: I was taken aback as she casually slapped me across the face. She held my chin and looked at me clinically for a moment, and then slid one finger from my chin to my lips and forced it into my mouth. I hungrily accepted it and sucked on it, and as soon as I did, she kept going, pressing all four fingers into my mouth, forcing it open. I felt drool slip over my lips and I knew it would run down her arm as she pushed and pushed. I heard Ethan grunt appreciatively from behind me. The Client: He walked in, enjoying his view of me, sweaty, desperate, dirty. I panted softly, too tired to make a cutting remark about how long he had been away. He walked towards me, a paper bag in his other hand, casually throwing it onto the bed. His brown eyes bore into me as he eased his hand between my legs, feeling the slippery heat. I gasped as his fingers slid up and down my slit, spreading the wetness. I arched my back, eager for his fingers to slide into my hungry lips. The Client Returns: My fingers grabbed the edges of the table trying to hold myself up even as my knees buckled, weak from pleasure. Suddenly his hand grabbed my wrist like a vice, wrenching my arm behind me. He held my arm there behind me with one hand as he grabbed my other wrist. The muscles on my neck were getting sore from keeping my head up and I laid my face flat against the wood. He was wrapping something around my wrists, his silk tie. The sensation was equally sensual and rough, the soft smoothness of the silk, sliding against my wrists, holding them together tight
