

Jills Doctor Appointment (Medical BDSM Enema Erotica)

Jill wasn't too thrilled to be going to the doctor's office for a checkup, but she was even less thrilled when she found out she had to have an enema. She heard so many terrible things about them, the worst being that they shoved a tube where one shouldn't go. She is embarrassed and beside herself. She doesn't know what to do once all her clothes are off and the process has begun. She also doesn't know what to do when she starts to enjoy it.
