

Claimed by Her Master

A new sci-fi romance from #1 Best-Selling Author Abigail Armani. Felix Kazinsky is an eccentric scientist, a genius who has built a portal into a distant star system, home to a race known as the Amaranans. Amara is a male dominated world where females are few in numbers, a world where females are prized and captured, bought and sold, and used in the pleasure houses of the north. Raids from the north are common, and Felix is tasked by the king to take his teenage daughter, Vanessa, back with him to keep her safe. When Vanessa eventually returns to Amara she is reunited with Magnus Flynn, the handsome Commander of the king's guard, who claims her for his own. The chemistry between these two sizzles, but Magnus doesn't hesitate in putting his wayward woman over his knee for a much needed spanking. But Vanessa is headstrong, and her disobedience results in her being taken captive and taken to a secret location in the Great Desert to be the plaything of a mysterious man intent on subjecting her to an intimate examination and keeping her for his pleasure. Will Magnus rescue her in time? How will he deal with the woman he loves? What will life be like with her as his bride...? Filled with action and adventure, sex and romance, this imaginative roller-coaster of a book is a real treat for lovers of dominant men and their feisty females. Publishers note: This book is intended for mature audiences as it contains corporal punishment and scenes of a sexual nature.
