

Easy Company

Do you got that rubber handy, New York? Seems like its about time. Its 1943 and the war is on. Everywhere people are leaving loved ones behind to serve their country. Private John Hutchins and Dorothy Larson have both been isolated by the effects of the war, but perhaps they can still help each other to get the affection and intimacy they both crave. Dont miss this sweetly sensual story of a railway-side fling between two consenting adult strangers. This glimpse into the softer side of sex is steamy and tinged with romance, but there are no happily ever afters here. Will duty or pleasure win out in the end? And what secret is Dorothy keeping from her lover, even when her most intimate parts are bared?
