

Cases and Materials on The Law of Employment Discrimination (University Casebooks)

This casebook covers all the major aspects of employment discrimination law, including updates on benchmark legislative, administrative, and judicial developments. The Sixth Edition solidifies this volume's standing as the most teachable and comprehensive casebook in its field. It retains the organizational structure that has made the previous editions adaptable to 2, 3 or 4 credit courses but reflects a significant amount of editing to remove redundancies, clarify some ambiguous textual material and provide a more manageable teaching tool.
