

Fan favorite Richard Moore (Boneyard, Far West, Fire and Brimstone) presents a ticklish take on the macabre with this new, all-ages story. Dark forces stalk the night, ancient menaces strike terror into the hearts of men everywhere...but not on a statue-selling farm in upstate New York. There, a 4-inch gargoyle named Chip is determined to prove to all the other statues there that he can be scary, too! With the aid of his fairy friend Ash, he sets out to find just the right setting to inspire him and bring out his true potential for wreaking terror...if he can work up the nerve to go there!
