When she meets not one, but two engaging and sexy men, life starts to get really interesting! Soon she finds herself attracted to both Mace Leland, an elegant and reclusive novelist, and Guy Beaugrand, a ruggedly handsome hunting and fishing guide. Then something truly unexpected happens to change Willows lifeforever. About Face - Book 2 The first thing Dr. Willow Ryersen sees when she wakes up in a hospital bed is handsome doctor, Christovao Amarabut thats not all that shes seeingor feeling. Suddenly, raw hamburger seems like a perfect snack! As life in the Kingdom transforms from interesting to inexplicable, Willow starts to doubt her own sanity, even as Guy Beaugrand makes his romantic interest in her known. But when Chris reveals to Willow the truth of the vicious attack that nearly killed her, Willow understands that life as she knows it will never be the same again. Catch as Catch Can - Book 3 Romance is confusing when youre a shapeshifter in training and you dont know who is responsible for your involuntary change. With only two weeks to prepare for her first shift, Willow needs a mentorstat! Between her suspicions, her new instincts, and shapeshifter politics, though, life in the Kingdom is more than a little messy. Caught between the head of the shapeshifter council, her only friend, and the two sexy men pursuing her, Willow

doesn't know whom she can trust, or if she will even live long enough to find true love. As she prepares for all hell to break loose, there's a new and frightening twist.

Life Lessons - Book 4 Dr. Willow Ryersen, veterinarian and feline shapeshifter in training, is discovering she has a lot to learn before the next full moon. Between cramming to avoid potentially fatal mistakes and learning the subtleties of cross-species etiquette, who has time to sort out their love life? With two cats on her tail, a buck in the picture, and some pervert peeping in her windows, the only thing that makes sense is to shut romance out of her mind until she makes it through her first shift alive. But Willow's suitors have very different ideas.

Party Animals - Book 5 What better opportunity than a moose prince's wedding for a cat in the making to be introduced to shifter society? At the urging of her friends Katie and Gretchen, Willow decides she needs to relax a little and see the upside of becoming a shifter. With handsome out-of-town guests in town for the wedding, the carnivore girls are on the prowl for a little fun! It doesn't take long, however, before competing suitors, shifter politics, and old wounds bring the party to a screeching halt.

Time to Change - Book 6 The closer it gets to the full moon and Willow's first shift, the more suspicious Willow becomes of anyone who isn't on Team Willow. So when her best friend Katie wants to expand her circle of shifter mentors to include someone new, Willow balks even though Nicholas is a very handsome addition and a real prince of a guy. A series of events leading to a startling revelation change her perspective, though, on whom she can trust, and whom she might love. ***
