

Just be careful Lucy, being little takes practice. I will take care of you, but you will do as I say or you know what will happen. Lucy has learned her place -- and it is with the handsome lawyer from TV. She is learning to be little, but she is also discovering there are many more lessons Dalton Morgan demands that she learn. Some of them painful, some of them more pleasurable than she ever dreamed. Lucy cant seem to lose her defiance. Her life before Dalton had left her with no one and a life of pain and distrust. How can she believe that he will truly be the one to care for her and keep her safe? Dalton Morgan has been looking for just the right young woman to fit his special needs, and Lucy must decide if she can take everything he has to offer. Pleasure unlike anything she could have dreamed is tangled with humiliating discipline and painful punishments. Why does his heavy hand bring her such delight? This book contains scenes of age play, spanking, enemas, diapering, adult baby role play, submission and anal play. All characters are over 18.
