

Microsoft Office 2010: Introductory (Available Titles Skills Assessment Manager (SAM) - Office 2010)

Introduce your students to the new generation of Microsoft Office with the new generation of Shelly Cashman Series books! For the past three decades, the Shelly Cashman Series has effectively introduced computer skills to millions of students. With Office 2010, we are continuing our history of innovation by enhancing our proven pedagogy to reflect the learning styles of today's students. In Microsoft Office 2010: Introductory you'll find features that are specifically designed to engage students, improve retention, and prepare them for future success. Our trademark step-by-step, screen-by-screen approach now encourages students to expand their understanding of the Office 2010 software through experimentation, exploration, and planning ahead. Brand new end of chapter exercises prepare students to become more capable software users by requiring them to use critical thinking and problem-solving skills to create real-life documents. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
