What Is Mind? Ask practically anyone what the mind is and, odds are, they'll tell you it's the brain. Nothing could be further from the truth! Although the mind is in every single cell of your physical body, the mind is no more your brain than one of your fingernails or toenails is. What is it then? You'll find out in *Mind: What is It?* by Wallace D. Wattles. First published in 1908-1909 as a series of five articles in Elizabeth Townes *The Nautilus*, the leading new thought magazine of its day, *Mind: What Is It?* by Wallace D. Wattles, who's best known for his classic masterpiece *The Science of Getting Rich*, will teach you everything you need to know about the mind and how to use it. Just look at the table of contents: Introduction Chapter 1 - Life and Organisms Chapter 2 - Beginning to Think Chapter 3 - Mental Storage Chapter 4 - Curing Bad Habits Chapter 5 - Desire and Self-Culture Conclusion Appendix A -
