

Searing Ecstasy (The Guardians of the Realms Book 7)

Erotic Paranormal Romance Drake, the powerful dragon and leader of the Guardians, has spent his long life protecting all inhabitants of the four Realms, but fails to save the one who matters most. His mate. In the month since finding her feral, he has been slowly losing control of his beast and soon he fears the dragon will reign free unleashing its fury upon the Realms. Delia has changed. No longer a carefree young woman, she is now a nightmare in the making. After her abduction and torture she unwillingly houses two beasts and more power than she can ever contain on her own. She can never be released. Nor can she have the male who gives her any semblance of sanity in her new world, the one she craves more than her own freedom.

With unknown enemies on the horizon and yet another God awakened will they lose themselves in the madness of an impossible mating? Or will they come together in searing ecstasy, bonding them in a way that sets them both free? Warning: Sexually explicit content (beds actually get burned down) and alpha males and females with bad language.
