

Written for creative, tech-savvy, and business-minded individuals who want to increase the accessibility of their websites, this sensible guidebook explains the concepts behind designing experiences on the internet. From helping customers quickly find information and make their purchases to clearly communicating needs and interests, this resource will not only develop consumer loyalty but will encourage them to spread the word about the sites they frequent. Focusing on the three key areas of structure, community, and customers, designers will enable clients to focus on their own goals rather than on difficulties in navigating. Also included are tips on how to generate conversations with blogs, wikis, and podcasting to create a personal touch.

Mind: What Is It? (Annotated), The International System between New Integration and Neo-Protectionism (Central Issues in Contemporary Economic Theory and Policy), Natural Green Cleaning: 101 Non-Toxic DIY Hints & Cleaning Tips For Home Cleaning Using Vinegar, My House Is Full of Whispers, Box Serie Casamiento forzado (Spanish Edition), Talks on Sculpture (Classic Reprint), Transformers: The Official Movie Adaptation Prequel #1, Family Law for Paralegals by Kent, George [Paperback],
